Quick work on the part of the firemen saved the building, but the contents were destroyed. The damage was in the neighborhood of \$500, fully insured. The fire broke out while Mr. Bernard was at breakfast, and there was no one there. The cause is unknown.

The agreement under which they are working expires on Monday, June 1st, so that something will probably be done about the matter this week.

The present schedule is eight hours a day, or 48 hours a week, for a minimum wage of \$18. The carpenters' request would call for 44 hours a week, and they are in hopes that it will be granted.

### New London Man Jailed for Starting Fire.

Plans for the incorporation of the Moose club and the purchase of the property owned by Samuel Chesbro on Pleasant street to be used as a home, are proceeding to completion. Dr. W. K. Fastz, who is collecting the amount pledged for this purpose, is meeting with a fine reception, and expects to have it all in by the first of June, or soon thereafter. The incorporation of the property will be taken care of by the Moose club and the necessary certificate sent to the incorporators. The property will be taken over, and the club formed, and by-laws adopted.

The purpose of the organization, as stated in the certificate, are: to promote the principles of the order of Moose, to establish and maintain a Moose club and home for the members of the Loyal Order of Moose, to promote the physical, social and intellectual welfare of its members, to hold and own real property, real and personal, as may be necessary and appropriate to the purposes of said corporation, and to have and exercise the powers conferred by the laws of the State of Connecticut on corporations without capital stock.

The incorporators are: Frank P. Fenton, Frank H. Pous, William Drescher, Willard N. Bowen, J. N. Gilman, Dr. W. K. Fastz.

The Moose will be the first fraternal organization in Willimantic to own a home, and undoubtedly the celebration upon the opening night will be well worth seeing.

### Bill Elliott's New Dog.

William B. Elliott, better known as "Bill," has a new bird dog, and the tale is as follows: Bill had all kinds of hard luck last fall and winter losing two dogs, valuable ones too, and he had about decided he didn't want another. A few weeks ago a man came into his shop to get shaved, and proved to be an old acquaintance, now in business in Hartford. While there he spoke of Bill's hard luck, and then asked if he remembered how some years ago, when he wanted a dog, he couldn't get one. Bill had told him he had two, and only needed one, and gave the other to the speaker. "Well," said he, "I have never forgotten that kindness, and now I'm going to get you a dog."

Bill forgot all about the conversa-

tion, but his caller did not. Witness the dog which arrived this week. His name is "Dutchess" and her pedigree is said to be as long as the time which has elapsed since the original gift. If there is any moral to this tale, it is that "exceptions prove the rule."

### DELIBERO BOUND OVER.

In Jail in Default of \$800 Bonds—Identified as Stabber of Leo Filippino.

Joseph Delibero, before the police court Tuesday morning charged with assault with intent to kill Leo Filippino, was bound over to the next term of the Superior court and committed to jail on his failure to secure bonds to the amount of \$800, ordered by the court.

Dr. Owen O'Neill who attended Filippino just after the affray, the victim himself, and four Italian laborers who were in the party at the time, were witnesses for the state.

Filippino, who is the foreman of the construction gang on Mansfield avenue, testified that he had discharged Delibero because of a threat that he would shoot him. His story of the affair of a week ago Saturday night was that Delibero found him in a shoe-shaver parlor and wanted to fight on the street but Filippino refused.

Filippino then went into a saloon and after playing a game of pool bought drinks for the crowd. Delibero followed them into the saloon and insisted on drinking with the rest. After this Filippino and his friends went to a house on Main street, where they remained until after eleven o'clock.

### PUTNAM

#### TRADE SCHOOL COURSE

Arranged for Students at High School—To Devote Morning to Regular Studies, Afternoon to Trade Course.

It is announced after a conference between members of the Putnam town school committee and F. J. Trinder, general supervisor of the state trade schools, that a plan of co-operation has been arranged under which students at Putnam High school may also take courses at the trade school to be opened here under the auspices of the state. This will be a two years' course, the students taking it to devote morning sessions of work at the high school, afternoons to the trade school courses.

Under this plan it is expected that two additional teachers will be employed, an electrical engineer and one who will devote his attention to teaching mathematics and drawing or designing and may lessen the teaching force at the high school by making unnecessary the employing of a manual training teacher, it was said Tuesday by a member of the school committee.

Mr. Trinder will at once take up the work of arranging for the dual course, high school-trade school, as mapped out and agreed upon. It is believed that a number of young men in Putnam will be interested in the new course, which will broaden the field of the trade school from what they were as first laid down.

#### Will Visit in New York State.

Mrs. E. Simpson and daughter, Miss Maude H. Simpson, leave Friday of this week for a visit with relatives at Utica and Williamstown, N. Y. Member Walsh will act as pianist at the Bradley theatre in the absence of Miss Simpson.

#### MENTIONED FOR SHERIFF.

Supt. DeWitt C. Park Favored for Republican Nominee.

DeWitt C. Park, well known throughout the county, and at present superintendent of the county home for children near this city, is being mentioned by his friends for the republican nomination for sheriff of Willimantic county next fall.

#### Telephone Guests Coming.

S. N. E. Telephone company employees in this city are anticipating a glorious time tomorrow (Thursday) evening, when other employees of the company from Norwich, Willimantic

and Danielson will be here, making the trip in automobiles.

#### Pavement Needs Repair.

Putnam's asphalt pavement, laid last fall, needs attention in some spots in various streets where traffic is heavy. The top dressing has worn in places, but the pavement as a whole is in good condition. Laying the pavement during wet weather periods is held responsible for the quick wearing away in some places.

#### From the Consular Reports.

Cuba is spending \$1,500,000 in constructing 2,000 houses for workmen, to cost \$500 each. The workers would become owners by paying a small monthly rent.

Liverpool is thinking about spending more than \$25,000,000 on a system of underground railways.

Less and less oil is produced every year in Baku, Russia.

#### AGAIN THE STYLES CHANGE

The light attire of summer is now in order—the silks, the linens, and the lingers supplant the heavy suits.

It is even time to think about the new fashions in bathing suits. How is one to keep posted on such vital news. The answer is right within the folds of the newspaper—in the advertising columns.

The stores interpret the new styles in merchandise and use their advertising to let the people know what they are doing.
